

## Teachers Available Times

Most teachers have listed more than enough dates and times for you. However, I would like to consolidate each teacher's recital schedule so they do not have to attend every single recital they have listed. Please be considerate and give us as many choices as possible. If only one or two students sign up for a time and your choices are limited, your teacher may not be in attendance.

Also, if you are not available on the dates or times of your teacher, you are still welcome to sign up for the recital and I will make sure that everyone is well taken care of without his/her teacher.
